Subject: Re: NPDES Permits for Columbia, Snake Dams

Thanks, Dru. I appreciate the update. Is it possible for you to put me on the public notice list for the Idaho General Permit NPDES? Thanks in advance.

Hi Lauren,

Thanks for your email. We have not planned the schedule for Corps/USBR dams located in WA as we are still working on the Idaho dam GP (which is currently at the State of Idaho for draft 401 cert). I will let you know when we schedule work on the WA Corps/USBR dams, however, please feel free to email me about the schedule or other questions anytime.

Best regards

Dru

Hi Dru,

Checking in to see if there's any update on when EPA plans to issue, or begin to review, the NPDES permit applications from the Army Corps and USBR for dams on the Columbia and Snake rivers. We want to engage on the public comment period and I'm doing some 2018 planning. Thanks in advance.
